

Dear Beautiful Shining Star,

Welcome to the *Become Your Own Genie Manifesting Intensive Home Study Course*! You are about to embark on a 3 month journey that can truly help you create miracles in your life. As a Manifestation Mentor, I've helped many people manifest large amounts of money in a short amount of time, find soulmates, live their dream career, improve their health, overcome negative emotional patterns like depression, and so much more. I created this digital course so you can take Goddess Allison's Manifesting Magic with you, on your own time, in the comfort of your own space. The program utilizes subliminal reprogramming, brain entrainment, principles of the Law of Attraction, and holistic healing to help you become a more effective creator and manifestor. This course also has a high re-play value so you can take this 3 Month Program over and over for all your divine manifestation desires.

I am honored to bless you with this digital program! Since I am no longer accepting one-on-one coaching clients for this program, I created this digital home study course to make this education and transformation available for many. I have lovingly spent dozens and dozens of hours preparing and packaging this digital 3 month course for you. This gift is intellectual property of Goddess Allison so please honor and respect the creation of this product and do not freely share these audio and digital files. Please keep them private for your own personal use! If you know someone who would benefit from this course, please direct them to purchase it directly through Goddess Allison at the *Become Your Own Genie Home Study Course* payment page here:

If you provide a testimonial to me after taking this course, you have the option of giving me permission to publish your testimonial on my website so you can leave your feedback and info with my community and help future clients and students. You are welcome to share the educational knowledge you receive from this course with others in order to help them heal and improve their life. However, if you desire to include this course or a very similarly created program in your own business or private practice, please contact Goddess Allison so we can work together for what is in the highest and best good for all involved.

The following pages note the digital contents of your Home Study Course. I receive many inquiries so please understand that I cannot answer email and messages regarding personal life issues, should they arise during your course. If you feel you need more personal customized manifestation mentorship, you are welcome to inquire about a one-on-one service.

Congratulations on opening up this doorway of opportunity for life improvement, enlightenment, and education with the *Become Your Own Genie Manifesting Intensive Home Study Course*. Enjoy!

Many Blessings to Your Manifesting Journey,
Goddess Allison
